

Skin Melanoma Clinical Management Conference and 2nd Annual Michael J. Mastrangelo Memorial Lecture

Presented by The Melanoma Research Institute of Excellence

Friday, January 23, 2026

12:30 pm – 7:00 pm

**Dorrance H. Hamilton Building, Connelly Auditorium
1001 Locust Street, Philadelphia, PA 19107**

The Michael J. Mastrangelo Memorial Lecture will begin at 12:30 pm. The guest speaker will be Paul B. Chapman, MD, Chief Medical Research Officer, Meyer Cancer Center, Weill Cornell Medicine and New York-Presbyterian Hospital. Dr. Chapman's talk is titled "Moving Beyond Chemotherapy and Surgery for the Treatment of Advanced Melanoma".

The Skin Melanoma Clinical Management Conference will follow the lecture. Topics will include management of high-risk primary skin melanoma, surgical management of skin melanoma, current management of metastatic disease, progress on research and new treatments on the horizon. A buffet-style networking dinner and Michael J. Mastrangelo wine tasting will follow the conference. There is no cost to register or attend.

PLEASE REGISTER BY JANUARY 9, 2026
